

THE **NEW NAME**
FOR **OLYMPUS AUDIO**

**PROFESSIONAL
DICTATION, SIMPLIFIED**
DESIGNED FOR ACCURATE SPEECH RECOGNITION

DS-9100

ENCRYPTED HANDHELD DICTATION

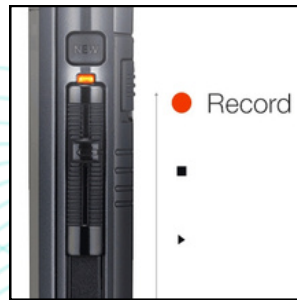

DS-9100

ENCRYPTED HANDHELD DICTATION

Intelligent two microphone system

4-position slide-switch control

256-BIT Encryption and 4-Digit PIN Lock

Full color screen

Resilient in everyday dictation

Rechargeable Lithium-ion battery

The DS-9100 offers advanced features such as superior audio beam forming noise cancellation, 256-BIT AES file encryption, streamlining workflow and enhancing dictation management efficiency. Its intelligent dual microphones effectively prioritize the speaker's voice and suppress ambient noise in various settings such as offices and hospitals. The triple-layer studio-quality filter guarantees precise voice capture whilst minimizing unwanted sounds such as breath and wind vibrations. This results in superior accuracy, ultimately improving workflow efficiency.

- Intelligent Dual Noise Cancelling Microphones with Audio Beamforming.
- Low noise omni-directional microphones. The shock absorber, reduces chassis and touch noise.
- Alcohol Resistance for ease of cleaning.
- Full editing features such as Insert, Overwrite and Partial Erase.
- Flexible recording options with DSS, PCM and MP3.
- Up to 56 Hours use with the rechargeable Li-Ion Battery.
- 2GB built-in memory and SD Card slot (up to 32GB).
- Up to 10 Author ID's and Worktypes.
- Includes a 12 month subscription license to ODMS Cloud.
- For typists, the AS-9100 ODMS Cloud Transcription Kit is available separately offering a 4 switch foot pedal and headphones.
